French Rocks | Sub-Division.

Meeting of the Local Fund Committee held on 4th December 1883 at Seringapatna.

Present.

V. K. Madhava Rao Esq. President.

Members.

G. H. Bayly Esq. Executive Engineer, Mysore Division.

A. Raghavendra Rao, Amildar of Seringapatna.

K. Mahabal Rao do. Mandya

Lingappa. Deputy Amildar Maddu

Original works. | Communication

I The members consider that the Mandya-Bucral road should be cheaply completed to join the high road near Kaigamangala, also that bridges to carry cattle be constructed over the Mandya Lady nullahs or if the cost be not too

great narrow cart bridges.

II. Also a tunnel be built on approach to Railway Station at Kandya.

III. That a Railway feeder from Tuddur station to Coppa be made.

IV. A bridge over the Hebballa on the Shivasamudra - Maddur road is considered to be urgently required as the opening of the Railway is drawing traffic from Salem and other places in the Madras Presidency. The members think that a bridge with narrow roadway wide enough for a carriage and pair of horses will be quite sufficient.

V. That the present cart road from Seloa to Tonoor via Yelahanikanpur and on to Banniyadi be improved, 2 or 3 bridges and a few tunnels be built, and an annual allowance be given for upkeep - the length is about 6 miles.

VI. An annual allotment of Rs. 20/-

per mile be granted for the repair of the loop road from Yelya to Ramnigata via Sonoor. This is considered as a most important requirement on account of the temple and tank at Sonoor which pilgrims coming to Melkoté always resort.

VII That charges for a dispensary at French Rocks at Rupees 50 a month be granted and also a grant for furniture

The Dewan proposes to give a Government building free.

VIII That a Murzapurkhana be built at Melkote for the general public similar to that proposed for Maddur

IX Proposed that a Murzapurkhana be built at Bellagola, or that the 3rd Class Bungalow be made available for the purpose The Executive Engineer's opinion is, that the bungalow is not required for travellers and will not be much used by his department after June next

Resolved that this Bungalow be used as Maternity Ward after June next with the sanction of Government.

X. Resolved that Rupees 1000 be allotted for the purchase of a building for locating the feeding house removed from Balmoral to French Rocks.
